PROFESSIONAL SUMMARY

Computer Science undergraduate with strong foundations in Java, Python, Data Structures, and Web Development. Experienced in AI/ML and full-stack projects through internships, hackathons, and academic work, seeking opportunities in Software Development and Full-Stack Engineering.

EDUCATION

Bachelor of Technology (B.Tech) in CSE, GIFT Autonomous, Bhubaneswar CGPA: 8.80/10.0 — Expected 2027

Higher Secondary (Class XII), Maa Tarini H S School, Jajpur Percentage: 73% — 2023

Secondary Education (Class X), Panikoili Govt. High School, Jajpur Percentage: 80.67% — 2021

SKILLS

Programming Languages	Java, Python, C, JavaScript
Web Technologies	HTML, CSS, React.js
Tools & Platforms	Git, GitHub, VS Code
Core Subjects	Data Structures & Algorithms, OOP, DBMS
Soft Skills	Problem Solving, Team Collaboration, Leadership, Time Management

EXPERIENCE

Java Intern Jul 2024 – Aug 2024
Odisha Computer Application Centre (OCAC), Bhubaneswar

- Gained hands-on experience in Core Java concepts, including Object-Oriented Programming (OOP), Exception Handling, and Multithreading.
- Designed and developed an **Online Quiz System** featuring user authentication, timed assessments, and automated result evaluation.
- Enhanced problem-solving and software development skills through practical project implementation.

AI/ML Intern May 2025 – Jul 2025
Central Tool Room & Training Centre (CTTC), Bhubaneswar

- Acquired practical knowledge of Machine Learning and Artificial Intelligence concepts, including Supervised Learning, Unsupervised Learning, Natural Language Processing (NLP), Computer Vision, and Deep Learning.
- Developed a **Face Recognition Attendance System** for real-time attendance tracking using computer vision and machine learning techniques.
- Worked on data preprocessing, model training, and performance evaluation to improve system accuracy and reliability.

PROJECTS

Cricket Shot Prediction Designed and developed a deep learning-based cricket shot prediction system using the VGG16 architecture on a dataset of 7,184 images. Leveraged transfer learning, image preprocessing, and data augmentation techniques to enhance classification performance and support sports analytics applications.

Face Recognition Attendance System Developed an AI-powered attendance management system using Python, OpenCV, and face recognition techniques. Automated real-time attendance tracking through webcam-based identification, reducing manual effort and improving accuracy.

Online Quiz System Built a Java-based Online Quiz System using Object-Oriented Programming concepts with features such as user authentication, timed quizzes, score evaluation, and result generation. Enhanced interactive learning and assessment efficiency through a structured user experience.

Weather App Developed a responsive weather application using HTML, CSS, JavaScript, and API integration to provide real-time weather updates. Enabled city-based search and displayed key metrics including temperature, humidity, wind speed, and weather conditions.

CERTIFICATIONS

- Java Internship Certificate – Odisha Computer Application Centre (OCAC), Bhubaneswar (2024)
- Artificial Intelligence & Machine Learning Internship Certificate – Central Tool Room & Training Centre (CTTC), Bhubaneswar (2025)
- NPTEL – Introduction to Industry 4.0 & Industrial IoT (Elite + Silver)
- NPTEL – Privacy & Security in Online Social Media (Elite)
- NPTEL – Affective Computing (Elite)
- Infosys Springboard Certifications

EXTRACURRICULAR ACTIVITIES

- Participated in the Suravi 2K25 Hackfest, collaborating with a team to develop innovative solutions under time constraints.
- Competed in a Web Design Contest, demonstrating creativity, UI/UX design skills, and front-end development expertise.

LEADERSHIP

- Organized and coordinated a college Treasure Hunt event involving multiple teams, puzzles, coding challenges, and time-bound activities.
- Led a team during academic projects and hackathons, facilitating task allocation, collaboration, and timely project completion.

HOBBIES & INTERESTS

- Playing Cricket
- Photo Editing
- Coding and Problem Solving
